1. Come to - ge - ther, we can build a dream meant to ease the wound - ed soul.  
 2. An - ger co - lours all our his - to - ry. Wrongs are old, and pain is deep.  
 3. Bless - ed, bless - ed are the peace - mak - ers. They shall be the cho - sen ones.

Tell the sto - ries that are hard to hear, so the bro - ken can be whole.  
 So sol - diers take their guns and march to war. Death takes hold while just - ice sleeps.  
 Re - lease the dove, it may re - turn a - gain. Or it may fly be - yond the sun. (to refrain)
